EXPERIENCE

Global Sphere Ventures

Dec. 2025 – Feb. 2026

Web Development Intern

Remote

- Independently designed, developed and deployed a production-grade e-commerce website for a live business.
- Integrated Razorpay payment gateway and implemented complete shopping workflows.
- Managed hosting, deployment, administration and maintenance of the platform.
- Worked on Amazon marketplace product listings and e-commerce operations.
- Delivered the entire solution independently over a 3-month development cycle.

CODEXINTERN

Jul. 2025 – Aug. 2025

Python Development Intern

Remote

- Completed a 31-day Python internship focused on Machine Learning and Web Development.
- Built a House Price Prediction system using Scikit-Learn and Pandas.
- Developed a Sentiment Analysis web application using Flask and TextBlob.
- Created a Matrix Operations utility using NumPy.

PROJECTS

Flash Morse Decoder | Python, OpenCV, OpenCL

- Developed a computer vision system that detects flashlight blink patterns through a webcam.
- Implemented Morse code decoding to convert visual signals into readable text.
- Optimized image processing workflows using OpenCL acceleration.

GeoMind | Android, Java, SQLite

- Built a location-based reminder application using geofencing concepts.
- Implemented local data storage using SQLite.
- Designed intuitive interfaces for reminder scheduling and location tracking.

KidneySnap | Python, Computer Vision

- Developed a healthcare-focused image processing application.
- Applied computer vision techniques for medical image analysis workflows.

Fitness App (In Progress) | React Native

- Developing a cross-platform fitness application with onboarding and workout tracking.
- Building an AI-assisted coaching concept for personalized fitness guidance.

EDUCATION

CMR Technical Campus

Jul. 2024 – Jul. 2028

Bachelor of Technology (B.Tech), Computer Science Engineering

CGPA: 8.25

- **Relevant Coursework:** Data Structures, Algorithms, OOP, DBMS, Operating Systems
- **Research:** Author of “Behavioural and Radio Frequency Characterization of Consumer-Grade UAV Control Systems Using Passive Sensing”

PACE IIT & Medical, Thane

2022 – 2024

Higher Secondary Education (Class XI-XII), Maharashtra State Board

Evershine English School

2012 – 2022

Secondary School Education, Maharashtra State Board

- Completed primary and secondary education with active participation in academics and sports.

LEADERSHIP & ACTIVITIES

CourseVN

Dec. 2025 – Present

Founder & Community Director

- Founded and manage a student-focused learning community.
- Organize project-based learning initiatives and technical programs.
- Handle community growth, operations and strategic planning.

Active Member, Akriti Club

Active Member, Technical Club

SKILLS

Languages : Python, JavaScript (React.js), HTML/CSS, SQL (PostgreSQL, MySQL)
Tools : Figma, Notion, Jira, Trello, Miro, Google Analytics, GitHub, DaVinci Resolve, OBS

ACHIEVEMENTS

- WKF, WKO and IKF Certified Karate Black Belt
- Silver Medalist, Funakoshi Open National Tournament, Mumbai
- National Science Day Project Expo - Certificate of Merit
- Published Research Author in UAV Behaviour and RF Characterization

SKILLS

Languages: Python, Java, JavaScript, SQL, C, C++
Frameworks & Technologies: React.js, React Native, OpenCV, OpenCL, SQLite, ESP32, Flask
Core Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Vision
Tools: Git, GitHub, Android Studio, VS Code
